

Special Purpose

Print date 21-10-2019

Glove material

- Nitrile (Coating material)
- Cotton (Liner material)
- Non-woven polyester (Liner material)
- Polyester (Liner material)

Possible Harmful ingredients

Sensitizers

- No sensitizers

Reach Regulation 1907/2006

For more information, please consult the REACH statement on the Ansell website

Properties

- Excellent cut resistance
- Intermittent heat resistant up to 180 °C
- Superior abrasion resistance
- Superior comfort

EN Test Data

	a	b	c	d	e	f
EN388:2003	2	2	4	1		
EN388:2016	2	2	4	1	B	

Flammability:

Performance level X (test not applicable)

Contact heat resistance:

Performance level 2 Contact temperature 250°C >15s

Convective heat resistance:

Performance level X (test not applicable)

Radiant heat resistance:

Performance level X (test not applicable)

Resistance to small projections of molten metal:

Performance level X (test not applicable)

Resistance to large quantities of molten metal:

Performance level X (test not applicable)

European conformity

Gloves conform to the requirements of the European Directive 89/686/EEC and to the European standards EN 420:2003 + A1:2009 and EN388:2003, EN388:2016, EN407:heat flame. They are categorised in "Complex Design" (= Protection against mortal risks).

EC-Type Examination Certificate and EC-quality control for the final product by

Centexbel
Technologiepark 7
B-9052 Zwijnaarde

Application - Limitations of use

Do not use against flames, nor at temperatures > 180 °C

Do not use in heavy-duty cut applications

Mechanical & heat protection

The glove is not liquidproof, hence is not to be used against chemicals

Storage

- Keep away from sources of ozone or ignition.
Keep out of direct sunlight; store in a cool and dry place.

Construction	Liner material	Coating material	Colour	EN Sizes	Length (mm)	Packaging
Cut & sewn	Cotton Non-woven polyester Polyester	Nitrile	Grey	8,9,10	240	12 pairs in a bag; 6 bags in a carton

The length of the gloves is below the EN requirements for total minimum glove length. Hence, the glove is called 'Fit for special purpose'
